DOCKETED BY

BEFORE THE ARIZONA CORPORATION COMMISSION

IN THE MATTER OF THE APPLICATION OF AJO IMPROVEMENT COMPANY FOR APPROVAL OF AN EXTENSION OF ITS CERTIFICATE OF ENVIRONMENTAL COMPATIBILITY TO BUILD A TRANSMISSION LINE FROM GILA BEND TO AJO

DOCKET NO: L-00000G-97-0089

Notice of Filing Documentation Regarding Ajo Improvement Company's Compliance with Findings of Fact Nos. 22.1. and 22.m. of Decision No. 70957

Ajo Improvement Company ("AIC") hereby gives notice of the filing of the attached documentation (Attachment A) regarding AIC's compliance with the conditions contained in Findings of Fact Nos. 22.1. and 22.m. of Arizona Corporation Commission Decision No. 70957, dated April 7, 2009.

AIC has complied with Finding of Fact No. 22.1. of the Decision by posting eleven (11) signs on May 15, 2009, as follows:

- All signs were placed in or adjacent to public rights-of-way.
- All signs are 4' x 8' and are made of polymetal, a weatherproof material.
- All signs were placed in prominent locations fifty feet or less to a highway or road along the route of the proposed transmission line as follows:

2218638.1/74326.863

26 FENNEMORE CRAIG
PROFESSIONAL CORPORATION PHOENIX

61

FENNEMORE CRAIG

- o One sign was posted at APS substation facing the Interstate 8 Frontage Road where the proposed transmission line would begin.
- One sign was posted along Thayer Road a primitive road where the proposed transmission line would cross.
- Eight signs were posted along AZ State Route (SR) 85 S starting at the point where the proposed transmission line would converge with SR 85 S (at Mile Post [MP] 5.9), approximately every five miles where the proposed transmission line parallels SR 85 S (at MPs 10, 15, 20, 25, 29.1, and 37) and ending where the line would terminate near the Freeport-McMoRan Corporation Ajo Operations (at MP 42.9).
- One sign was posted along Ajo Well Road where the proposed transmission line would cross.
- All signs included the language required by Finding of Fact No. 22.1. of the Decision as well as a map of the Project corridor.
- Please see Attachment A for documentation that the signs were posted as described above.

AIC has complied with Finding of Fact No. 22.m. of the Decision by providing copies of the Certificate to the Town of Gila Bend, the Maricopa County Planning and Development Department, Pima County Development Services, the Arizona State Land Department, the State Historic Preservation Office, and the Arizona Game and Fish Department. All copies were provided via certified mail on June 3, 2009.

If the Arizona Corporation Commission requires any additional information or has any questions with regard to AIC's compliance with the conditions set forth in the Decision,

please let us know. 1 RESPECTFULLY SUBMITTED this 21st day of July 2009. 2 FENNEMORE CRAIG 3 4 5 C. Webb Crockett 6 Patrick J. Re: Permit No. 1202720

Extension No. 1 Amendment No. 1

Dear Mr. Romero:

This letter will serve to advise you that the completion date of the above referenced permit has been extended for **eight months** from your previous completion date, and has been amended as follows:

LOCATION:

SR-85 (SB) MP 37.0 and 42.9

NEW COMPLETION DATE:

June 24, 2009

AMENDMENT SCOPE:

Replace existing signs with new signs as shown on the attached

drawing.

The attached plan sheet is included as part of this amendment to your original permit. Please see that the plan and this notice are added to all copies of your permit. All other requirements of your permit remain in force. Please feel free to contact my office should you have any questions regarding this permit amendment, and thank you in advance for ensuring that the permit work is completed within the new time frame in this extension.

Sincerely,

Sylvia Hanna

Mayor Fred Hull Town of Gila Bend P.O. Box A Gila Bend, AZ 85337

RE: Extension of Ajo Improvement Company Certificate of Environmental Compatibility

Dear Mayor Hull:

The Ajo Improvement Company (AIC) has received approval from the Arizona Corporation Commission (ACC) of a 5-year extension of the existing Certificate of Environmental Compatibility (CEC) to construct a forty-seven (47) mile 230 kV transmission line from Gila Bend to Ajo (Docket No. L00000G-97-0089, Decision No. 70957). The proposed 230 kV transmission line would run from the Arizona Public Service Company Gila Bend Substation on the west side of Gila Bend, AZ, to a proposed substation on the Freeport-McMoRan Corporation - Ajo Operations mine site (the former Phelps Dodge New Cornelia Branch mine).

The ACC approved the original CEC on April 30, 1998, subject to a10-year expiration with rights to apply for an extension. On April 16, 2008, AIC filed a request for ACC approval of a 5-year extension of the CEC, providing AIC with an additional five years to construct the transmission line. The extension was approved by the ACC on April 7, 2009 which extends the CEC through April 30, 2014 subject to several conditions.

One such condition is to provide the CEC to several listed governmental entities. As one of the listed entities, AIC is providing a copy of the original CEC to you as well as a copy of the Order extending the CEC. Copies of the original application are available at the Commission's offices at 1200 West Washington Street, Phoenix, Arizona, 85007 and through the Commission's eDocket system at http://edocket.azcc.gov under Docket No. L-00000G-97-0089 (Case No. 89).

Please contact me at (520) 387-2010 if you have any questions.

Sincere

Roy Archer
